# SARAH M. PEARSON

designer

 408 Fieldcrest Dr., Nashville, TN 37211 |  (615) 424-9907 |  [SarahP@me.com](mailto:SarahP@me.com) |  [sarahmpearson.com](http://sarahmpearson.com)

## PROJECTS

**Hoppy Days**  
[hoppy.sarahmpearson.com](http://hoppy.sarahmpearson.com)

**SongHouse**  
[Songhouse.herokuapp.com/](http://Songhouse.herokuapp.com/)

**NashVestTN**  
[nashvestn.herokuapp.com/](http://nashvestn.herokuapp.com/)

A CRUD app that allows users to login and search for a beer and learn about it, and like or dislike it. Technologies used include the MEAN stack.

A database app for music publishing companies to keep track of all their song information. Angular.js, Node, Postgres, and Hapi are some of the technologies used.

HackNashville 6 Finalist! Utilizing the MEAN Stack, Ionic, and Cordova we created a Mobile & Desktop app that helps non-profit organizations increase their community impact by engaging the Millennial Generation.

## WORK EXPERIENCE

### **Nashville Software School**

July 2014– January 2015

Completed intensive six-month boot camp for software engineering and web development. Gained experience with front-end and back-end languages & technologies while building database-driven hybrid web applications. Collaborated on team projects, produced solo capstones, and developed pair programming skills through test driven development

### **Warner/Chappell Music Publishing**

January 2014– July 2014

- Designed ads for industry magazines, and eBlasts (Photoshop/Illustrator)
- Enter new song information including writer percentages and publishing line into File Maker Pro database

### **Freelance Photographer**

July 2012 – January 2014

- Event Photography for Creative Artist Agency and United Way of Metro Nashville

### **EMI Music Publishing**

September 2001 – July 2012

- In charge of writing and updating artist/writer biographies and discographies for EMI Wikipedia pages
- Produced invitations and show flyers for EMI Events (Photoshop)
- Managed monthly activity of released albums/singles for archiving and reports (Word/Excel/Access/AS400)
- Project Manager for office renovations; liaison between EMI, General Contractor and Interior Design Firm
- Created, updated and organized weekly hold/cut/action file and database
- Photographed office headshots and EMI events
